

# ATWATER COMMUNITY STRATEGIC PLANNING SESSION

TO CREATE A SAFER AND HEALTHIER COMMUNITY FOR OUR YOUTH BY ELIMINATING THE ILLEGAL SALES OF TOBACCO AND THE AVAILABILITY OF FLAVORED TOBACCO PRODUCTS

California Health Collaborative

## Merced County Tobacco Control Program (MCTCP)

Is looking for active community members and parents who are interested in making a difference in their community.

MCTCP will be facilitating a planning session to identify goals and strategies that lead to health related policies in the community.

Major tobacco companies now spend \$8.9billion per year—over \$24 million every day—to promote their products, and many of their marketing efforts directly reach youth! ([www.tobaccofreekids.org](http://www.tobaccofreekids.org))
